During an interview of the Marquis and Prince Bismarck the latter declared the neutrality of Germany, and promised its cordial support in any efforts for peace, but refused to back England in the event of war. He saw no objection to the occupation of a portion of Turkey by Russia.

Latest From the Scenes of Contention.

No Decisive Developments Yet Made.

### The Lawyers Pronounce Kentucky All Solid.

Positive Information.

NEW YORK, Nov. 24.—The Graphic, this afternoon, says it has positive information that the Electoral vote of both Florida and Louisiana will be cast for Rutherford B. Hayes.

### As to Mr. Potter's Plan.

NEW YORK, Nov. 24.—The Tribune special from Washington says Mr. Potter's plan for electing the President by the House, is wholly impracticable, for as soon as the House attempted to go into an election for President, the Republican members would begin filibustering and could easily keep it up from the 14th of February, the day for counting the vote, to the 4th of March, when the Congress expires. The Democrats last winter abolished the rule to prevent filibustering, and the minority have full power to stave off a direct vote on a question by interposing dilatory motions as long as they desire to. It is understood that the President will discuss the question growing out of disputed elections in his annual message, and will take strong grounds in favor of regarding the returns certified by the Electors as final. Upon this interpretation of the Constitution all Republicans are now taking position, and many of the ablest Democrats admit that it is unassailable.

### The Next House.

The Tribune says, according to the latest advice, the Democratic majority in the next House of Representatives will be reduced from seventy-seven to thirteen, and should New Hampshire elect three Representatives next month the Democratic majority will be reduced to nine.

### South Carolina.

COLUMBIA, Nov. 24.—Considerable excitement is reported throughout the State, but there has been no demonstration of violence. The action of the Board of State Canvassers is considered final by the Republicans, while the Democrats claim it has no effect, because the whole question was in the hands of the Supreme Court, and the Board is guilty of contempt. They express a determination to continue in the Courts and bring matters to a conclusion there.

Last night the Democratic counsel served the writ of mandamus issued yesterday by the Court on the officials composing the Board. The Supreme Court will meet to-morrow to hear the return of the Board. H. W. Parria, Adjutant and Inspector-General and a member of the Board of Canvassers, says he has resigned his office.

NEW YORK, Nov. 24.—The Post's Washington special says: The change in affairs in South Carolina yesterday is claimed here in official circles as foreshadowing trouble to both political parties in that State. Numerous official dispatches have been received from Columbia regarding the course of the Returning Board, but those who have received them decline to make the contents known. Members of the Cabinet are not disposed to talk very freely, believing that they will be called upon officially to advise the President as to his duty when the question of recognizing Hampton or Chamberlain as the legal Governor is brought before him, as it may be; but what few expressions are made, leave no room to doubt that the administration justifies the steps taken by the Returning Board in not complying with the orders of the Supreme Court to certify the election of members of the Legislature in the counties where gross frauds are said to have been practiced by the Democrats in order to secure a majority. It is asserted here that the Returning Board acted under the advice of able legal counsel, and that the step taken was not determined upon without full reflection, and a realization of the results that would follow. Lively times are expected in Columbia during the next six days. The Legislature will meet on Tuesday and the Governor must be inaugurated on Thursday of next week. The President will undoubtedly stand by Chamberlain in this contest, and there is reason for believing that words to this effect have been telegraphed to Columbia officially.

### COLUMBIA, S. C., Nov. 24.—Troops are massing here, and seven additional companies are to arrive next Monday. The action of the Supreme Court is awaited with great anxiety.

### South Carolina Supreme Court.

COLUMBIA, S. C., Nov. 24.—The Supreme Court has issued a rule to the State Canvassers and their counsel, D. T. Corbin, to show cause why they should not be attached for contempt, in violating the writ of prohibition issued on the 17th inst., and issuing certificates in defiance of the Court. The answer is made returnable at 4 o'clock this afternoon.

### Louisiana.

NEW ORLEANS, Nov. 24.—At the meeting of the Returning Board yesterday morning counsel for the Democrats filed a motion asking the Board to require officers here having returns of parishes in their possession to return such documents to the Board at once. It was then formally decided that of contested parishes East Baton Rouge be taken up first. After considerable talk as to the manner of proceeding the Board went into executive session and canvassed three parishes only, as follows: Natchitoches—Tilden, 1,761; Hayes, 2,099.

Union—Tilden, 1,493; Hayes, 94.

St. Iberville—Tilden, 957; Hayes, 2,297.

At one poll in Natchitoches the Board threw out 642 votes for three Republican Electors, and 173 votes for three Democratic Electors, on account of informalities. The vote for five Republican Electors in Natchitoches was 1,558. In Iberia five Republican Electors received only 1,848 votes, instead of 2,297, owing to the omission of names on the ballots. The Board will probably take up the contested parishes to-morrow.

### Kentucky.

LOUISVILLE, Nov. 24.—The excitement which was caused by the statement that an effort would be made to throw out the vote of Kentucky has now died out. The best lawyers of the State, after fully examining the matter, say there is nothing in it. A few counties did vote viva voce for Electors, thus settling the question if any could be raised.

### Florida.

TALLAHASSEE, Nov. 24.—The trial of the injunction case against Governor Stearns is still in progress. The Republicans deny the jurisdiction of the court and say a decision will have no practical effect. A decision is expected today.

### Missouri.

ST. LOUIS, Nov. 24.—The State Board of Canvassers have completed the calculation of returns for Presidential Electors, and find that of a total vote of 350,583 Tilden Electors received 202,687; Hayes Electors 144,398, and Cooper Electors 3,498. Tilden's majority over Hayes, 58,289; over Hayes and Cooper, 54,791.

### Iowa.

CHICAGO, Nov. 24.—Complete official returns of the vote for President in Iowa give the following totals: Hayes, 171,327; Tilden, 112,939; Cooper, 9,001; Hayes' majority, 58,388.

### New Hampshire.

CONCORD, Nov. 24.—The official vote of the State is: Hayes, 41,522; Tilden, 38,449; scattering, 74.

### Minnesota.

ST. PAUL, Nov. 24.—The official majority for Hayes and Wheeler in this State is 24,008.

## NEWS FROM THE METROPOLIS

### The Indians.

NEW YORK, Nov. 24.—A Herald special dated Powder River Expedition, Old Fort Reno, November 21, via Fort Tetterman 23d, says the fourteen Arapahoe and Sioux scouts sent by Gen. Crook towards Big Horn Mountains last Saturday to search for hostile Indian villages, have returned with one captive, a Ceryenne warrior, who report that there is a Sioux village of eighty lodges near last summer's battle-field, on the Rosebud. There is also a large body of Indians on Powder River, some of whom he says are going to surrender. All are supplied with robes and meat.

Gen. Crook reports Crazy Horse and his band engaged on Rosebud, and troops were to start in pursuit on the morning of the 22d.

### THE BOSS AT HOME.

Sheriff Connor Receives Tweed and Takes Him to the City.

NEW YORK, Nov. 24.—Soon after the announcement of the arrival of the Franklin Sheriff Connor went from his office, leaving strict instructions with his deputies to maintain silence regarding the movements of Tweed.

He then proceeded to the Battery, and shortly after the Navy-yard tender, Catalpa, having on board Commodore Nicholson, arrived, when Sheriff Connor, District Attorney Phelps, United States Marshal Sharpe, Deputy Surveyor Sharpe and Inspector Kibben went on board and the vessel proceeded down the bay, leaving behind a large number of the representatives of the press, whom Commodore Nicholson refused to allow on board on the way to the city. The Catalpa took on board Health Officer Dr. Macarty.

About 1 o'clock the Catalpa came alongside the Franklin, when Commodore Nicholson, Sheriff Connor, and District Attorneys Bliss and Phelps went on board, where Com. Franklin, in full naval uniform, received them. Mr. Tweed was not in sight. After the interchange of greetings between the Catalpa and his guests, the Sheriff asked if Mr. Tweed was on board, and was told that he had a prisoner which he could have the opportunity of identifying.

Sheriff Connor, escorted by Commodore Franklin, proceeded to the cabin occupied by the prisoner, and a single glance sufficed to assure the Sheriff of the identity of the prisoner. He was dressed neatly in a dark suit, and looked somewhat thinner than when last in New York, but in all other respects was given Tweed was called on deck and formally handed to the Sheriff, who at once placed him on board the Catalpa, and in company with the Commodore started for the city.

Before leaving the Franklin Mr. Tweed shook hands with the Commodore and officers of the vessel and thanked them for their kindness during the voyage. After the Catalpa left the Franklin he remained silent some moments and then suddenly roused himself and entered into conversation with the Sheriff. Almost the first question he asked was as to the complexion of the county ticket elected.

He seemed particularly anxious to know the names of the incumbents of the various city and county offices, but made no remarks. The Catalpa steamed at once to Pier 47, North River, where three Deputies Sheriffs were waiting with carriages, and the party drove at once to Ludlow-street Jail. A large crowd of persons had assembled in the vicinity of the jail, and the carriage drove up to the side entrance, where Warden Watson greeted his old friend and prisoner.

Tweed responded to the greeting in a quiet bow, and was escorted to his room. He then expressed a desire to be left alone, and wished to receive no visitors except members of his family. About 5 o'clock his son Wm. M. Tweed, Jr., called. The greeting between father and son was very affectionate, and they remained alone all the evening. A large number of persons called and sent in cards, but none were admitted to see the prisoner.

### Cheap Telegraphing.

NEW YORK, Nov. 24.—A further general reduction of rates between all points lying east of the Missouri River is announced by the Atlantic & Pacific Telegraph Company, to take effect December 1. A circular issued by the Company denies that it is not earning its current working expenses, and states that it is free from debt except for construction material now in process of erection, has more than \$3,650,000 of its own authorized capital stock in its treasury, and owns more than three-fifths of the capital stock of the Franklin Telegraph Company.

### Bridge Burned.

BINGHAMTON, N. Y., Nov. 24.—A bridge on the Delaware, Lackawanna & Western Railroad, near Nicholson, Penn., was totally destroyed by fire about half past 7 o'clock last night. It is supposed to have been set on fire by a spark from a locomotive. The telegraph wires over it were all destroyed. It will take forty-eight hours, at least, to erect a temporary structure for the passage of trains.

### Minor Mentions.

NEW YORK, Nov. 24.—Governor Hendricks and his wife paid a visit to Governor Tilden this morning, and remained with him about half an hour.

ALBANY, Nov. 24.—A butcher named Louis Duce, on Third avenue, this afternoon cut a boy's throat and then cut his body in pieces. Duce was arrested.

LONDON, Nov. 24.—A dispatch to the Standard, from Berlin, says that Prince Bismarck attended the Reichsrath, for a short time, yesterday. He looks in much better health than last spring.

PARIS, Nov. 24.—The Republique Francaise publishes an article to-day condemning the influences which surround President MacMahon, and which, it says, tend to restrain the Cabinet's liberty of action.
